

Finding bibliographical resources during the FBK Library closure period

Annex No. 1 to the document «Premises reopening plan»

A service has been set up that will provide assistance to the Foundation's staff that need to find paper and/or digital **bibliographical resources for their work throughout the closure period of the library.**

Interested staff should send an email to biblio@fbk.eu indicating the full bibliographical information for the resources needed.

Digital resources

The digital resources will be delivered on the same day in the case of resources for which FBK has a subscription, as quickly as possible in the case of external resources.

Articles from periodicals not present in Trentino can be found through interlibrary loan, compatibly with their reactivation process time

Paper resources

Paper resources that are stored in the library will be picked up by appointment at the S. Croce office by the person requesting it.

The borrowing limit is 5 volumes at a time.

Resources not owned by FBK will be obtained through interlibrary loan, compatibly with their reactivation process time.
