***in accordance with the call, the criteria for the admissibility of expenses are provided for by DPR No. 22/2018. With reference to personnel expenses, the DPR provides that, if the beneficiary is not included in the University category or in the EPR category, it is always included in the Business category, regardless of the legal nature and even if it is not a company.

WORK EXPERIENCE

1/1/2021-present

Researcher Senior at FBK, Program Manager of the Centre of Sensors and Devices (FBK-S&D), working in the direction staff.

Fondazione Bruno Kessler, Via Sommarive 18, 38123 Povo (Tn), Italy. <https://www.fbk.eu/en/>

- Industrial research activities coordination
- Support to management activities of the FBK-S&D
- Management of the industrial and institutional partnerships;
- Member of management board of the FBK-S&D
- Valuable activity in projects writing
- Definition and implementation of FBK-S&D marketing plan
- Direct involvement in financed projects

1/1/2017-12/12/2020

Researcher Senior at FBK, Program Manager of the Centre Materials and Microsystems (FBK-CMM), working in the direction staff.

Fondazione Bruno Kessler, Via Sommarive 18, 38123 Povo (Tn), Italy. <https://www.fbk.eu/en/>

- Industrial research activities coordination
- Support to management activities of the FBK-S&D
- Management of the industrial and institutional partnerships;
- Member of management board of the FBK-S&D
- Valuable activity in projects writing
- Definition and implementation of FBK-S&D marketing plan
- Direct involvement in financed projects

2018-2020

Professor of Elements of Condensed Matter Physics

Engineering department, La Sapienza University Rome Italy. 30 hours. <https://www.uniroma1.it/it/>

10/8/2017-18/10/2017

Visiting Professor at UnoChapeco

Unochapeco Santa Catarina Brasil, <https://www.unochapeco.edu.br/>

Teaching:

- 45-hours course: Nanoscience and Nanotechnology
- 24-hours course: Innovation Management
- 8-hours course: Project Planning and Elaboration
- 20-hour course: Entrepreneurship with innovation

- 1/3/2014-1/1/2017 **Researcher Senior at FBK, strategic marketing responsible for MNF (Micro and Nano Facility)**
Fondazione Bruno Kessler, Via Sommarive 18, 38123 Povo (Tn), Italy. <https://www.fbk.eu/en/>
Industrial research activities coordination
Coordination of marketing activities
Management of the industrial and institutional partnerships;
Member of management board of the FBK-S&D
▪ Direct involvement in financed projects
- 2014-present **Advisory board member of the FIM department at University of Modena**
Unimore, <https://www.unimore.it/>
- 20/6/2014-20/9/2014 **Visiting Researcher at University of Maryland USA**
Maryland University, College Park www.umd.edu
▪ Research activity on Atomic Layer Deposition;
▪ He Microscopy
▪ Patent Writing
- 2008-2014 **Researcher Senior at FBK (MiNALab (Mico Nano Analytical Laboratory; research unit responsible**
Fondazione Bruno Kessler, Via Sommarive 18, 38123 Povo (Tn), Italy. <https://www.fbk.eu/en/>;
<http://minalab.fbk.eu/>
Material characterization research
Development of new analytical methodology
Analytical facility coordination
Nanomaterial and nanotechnology research
Researchers coordination (around 12 years man)
Financed project coordination;
Budget responsibility
- 2003-2008 **Researcher R2 level at ITC-irst, MAME line (Materials and Analysis for Microelectronics) responsible Physical and Chemical Surfaces and Interfaces Division .**
ITC-irst, Via Sommarive 18, 38123 Povo (Tn), Italy.
Research on semiconductor technology
SIMS analyst
Material characterization research
Development of new analytical methodology
Activity for industrial projects and service
- 1997-2003 **Research scientist of the Physical and Chemical Surfaces and Interfaces Division at ITC-irst**
ITC-irst, Via Sommarive 18, 38123 Povo (Tn), Italy
Research on semiconductor technology
SIMS analyst
Material characterization research
- 1994-1997 **Postdoctoral fellow SGS-Thomson Microelectronics at CMBM (Materials Center and Medical Biophysics) Advanced Material Division**
ST-Microelectronic Agrate Brianza
Research on semiconductor technology
SIMS analyst
- 1993-1994 **Grant at Physics Department of Modena University, Italy**
Unimore, <https://www.unimore.it/> Physic Department
▪ Research on materials characterization

EDUCATION AND TRAINING

May 2015 December 2016

Executive Master in Business Administration

University Luiss Guido Carli Rome

(<https://businessschool.luiss.it/offerta-formativa/executive-program/>)

Core courses:

Accounting; Corporate Governance e compliance; Financial accounting, People management; Corporate organization; Project management; Corporate Strategy; Marketing; Operational; Business Plan Elaboration

December 1993

Physic Degree

University of Modena and Reggio Emilia

(<https://unimore.it>)

PERSONAL SKILLS

Mother tongue(s)

Italian

Other language(s)

English C2

France A1

Portuguese B2

Job-related skills

Project management:

EngSurf-Twin H2020-EU.4.b. - Twinning of research institutions (about 900.000 euro funding) FBK responsible

UNINANO Erasmus+ (about 200.000 euro funding) FBK responsible

EU ANNA FP6 I3 (about 6.000.000 euro funding), Coordinator

EU Impulse FP 5 (about 2.300.00 euro funding), ITC-irst responsible

EU-ILSIMS FP5 (about 1.000.000 euro funding), ITC-irst responsible

Responsible of several regional financed projects

Responsible of several contracts with industries for a total funding over 1.000.000 euro

Technical competences

Analytical methodology development for dopant distribution determination in semiconductor materials. The work is focused on ultra shallow junctions in order to determine dopant diffusion mechanisms and depth distribution.

Extraction of new knowledge from high dimensional mass spectrometry data through multivariate data analysis techniques to solve specific problems in the agricultural and food chemistry field

Application of surface analytical multi-techniques approach to fully characterize industrial coating for metal substrates. Support Industrial research and development by using industrial deposition equipment joint to state of art analytical approach

Physics and Materials Science in semiconductor technology. Experimental characterization of semiconductors, interfaces, microelectronics materials.

Development of innovative X-ray diffraction instrumentation. Management of Prototype instruments realization.

Multitechnique analytical approaches on various surface science applications

Analytical industrial service

Corporate Governance e compliance

People management; Corporate organization;

Project management;

Corporate Strategy;

Marketing;

Business Plan Elaboration

Events organization

2021 Member of Organizing committee of Nanoinnovation Conference;

<https://www.nanoinnovation2021.eu/home/index.php/organization/committees/organizing-committee>

2020 Member of Organizing committee of Nanoinnovation Conference;

<https://www.nanoinnovation2020.eu/home/index.php/organization/committees/organizing-committee>

2019 Member of Organizing committee of Nanoinnovation Conference;

<http://www.nanoinnovation2019.eu/index.php/committees/organizing-committee>

Local committee chairman of SIMS XVIII -18th International Conference on Secondary Ion Mass Spectrometry; Riva del Garda from 18th to 23rd September 2011; <http://www.simsxviii.org>.

Organizer of ATHENIS WORKSHOP "IC Technology for Harsh Automotive Applications"

December 15, 2010 Fondazione Bruno Kessler, Povo, Trento

Co-organizer of ALTECH workshop 216 ECS Meeting | Wien, Austria | October 4-9, 2009

Co-Organizer of European Workshop on "Recent Advances in Ultra Shallow Junctions", 24-25 November 2004, Povo, Trento, Italy

Scientific committee member of symposium B "Material science issues in advanced CMOS source-drain engineering" at E-MRS 2004 Spring Meeting Strasbourg France

Mentoring Experience

DfP technologies producing X-ray instrumentation; role business and innovation project consultant

Industrial projects consultant (including SME in H2020) Novurania

Start up Indivenire, role business consultant

Start up SMETRO; role business consultant

2018 Full professor Qualified

Tutoring

January 2002 - March 2003: PhD Enrico Boscolo Marchi r

March 2003- March 2006: Post-doc Giancarlo Pepponi r

March 2004- March 2007: Post-doc Salvatore Gennaro r

May 2010-May 2013 : Post-doc Florian Meirer

March 2018 – November 2020: Post doc Simone di Mare
